HOLE PUNCH

Comes complete with adaptor for inserting drippers and connectors.

Blue – 3mm – Drippers
Green – 4mm – Mini Sprinklers

QUICK CUT

The patented tool provides the easiest method for punching holes. The blade retracts fully after use. Two models are available for 16/20mm pipe for 25/32mm pipe.

TWIST PUNCH

This product is the most efficient tool for making holes for saddles. It can be used after the saddle has been installed.

INSERTION TOOL

This specially patented device allows for the easy insertion of fittings, drippers or mini sprinklers into 3/5 or 4/7 tubing.

LAY FLAT PUNCH

This specially designed device is for cutting holes in lay flat pipes for insertion of the lay flay take offs.
