

Hadopots™ have been the market leader for polypots for over 40 years. They are recognised throughout the Horticultural Industry as being reliable and dependable polythene plant pots for growing fruit, vegetables, shrubs and small trees.

Hadopots™ are flat packed polythene pots which are easily filled with compost. Hadopots™ open out to form a square free-standing pot, with correctly positioned punched-out drainage holes. Storage pre-fill is easy and economical as the pots lay flat in the box.

- Good value option instead of rigid pots
- Drainage Holes pre-punched
- 100% recycled material
- Strong and durable
- Flat-packed - saves storage space
- Re-usable
- Quality, versatile Polypots
- Bespoke sizes & colours available

POLYTHENE PLANT POTS
