

WATER RETAINING GRANULES

Solusorb A

Solusorb A is a synthetic superabsorbent polymer designed to improve the water retaining properties of many types of growing media with applications in the agriculture, horticulture, forestry, and amenity sectors.

- Improves water retentive properties of all types of growing media
- Suitable for use as a transplanting aid to reduce "transplant shock" and its effects.
- Holds water up to 300x its dry weight
- Use 1-3kg per m³ (1-3g per litre)

WATER SOLUBLE FERTILISERS

Standard Solufeed water soluble fertilisers for crops grown in soil and artificial growing media. All containing magnesium (Mg) and premium levels of trace elements.

- Solufeed water soluble fertilisers deliver the essential elements for crops to achieve their full potential
- Available in a wide range of NPK ratios to suit all crops and types of growing media.
- Produced from high quality raw materials and to rigid quality assurance standards of ISO 9001:2008
- Completely and readily soluble.
- Magnesium (Mg), vital for quality crop production, is incorporated.
- Premium levels of chelated micronutrients ensure stable solutions and availability to the plant.

Solufeed 1:1:1

- A good starter feed for balanced growth
- Reliable for most crops and situations
- 1kg pack

CODE	DESCRIPTION	BARCODE
125.GB0251W	NPK 18:18:18+3MgO	05391513337611

Solufeed 2:1:4

- High Potassium (K) finishing fertiliser for flowering and fruiting growth stages
- 1kg pack

CODE	DESCRIPTION	BARCODE
125.GB0257W	NPK 15:7:32+3MgO	05391513337642

Solufeed 4:1:2

- High Nitrogen (N) for vigorous vegetative growth
- 1kg pack

CODE	DESCRIPTION	BARCODE
125.GB0253W	NPK 28:7:14+3MgO	05391513337628

Solufeed 1:5:1

- High Phosphorus (P) to promote root growth and crop establishment.
- 1kg pack

CODE	DESCRIPTION	BARCODE
125.GB0255W	NPK 10:52:10+1MgO	05391513337635

The Garlic Barrier Range of Products

Growing naturally, as nature intended

www.solufeed.com

Aston products are based on natural garlic and other plant extracts which help with growing healthy, productive crops with zero residues in a sustainable way. In turn, the need for synthetic chemicals is much reduced or eliminated altogether.

NEW

ASTON ANTHYLLIS™

For general plant health. Encourages resistance to botrytis. **Size: 1 Litre**

PRODUCT CODE	BARCODE
125.GB1502	05391530650434

NEW

ASTON RABITOF™

Encourages resistance to rabbits, deer, pigeons, geese etc. **Size: 1 Litre**

PRODUCT CODE	BARCODE
125.GB1518	05391530650465

NEW

ASTON GARBERRY™ 2

A natural plant invigorator that encourages resistance to aphids and spider mites etc. **Size: 1 Litre**

PRODUCT CODE	BARCODE
125.GB1509	05391530650441

NEW

ASTON TREE WASH™

For clean, healthy fruit trees and bushes. **Size: 1 Litre**

PRODUCT CODE	BARCODE
125.GB1520	05391530650472

NEW

ASTON GARSHIELD™

Encourages resistance to mildew and botrytis. **Size: 1 Litre**

PRODUCT CODE	BARCODE
125.GB1504	05391530650458

NEW

GARLIC WONDER - RTU

Stimulates growth and make good healthy root systems, giving vigorous plants with far greater resistance to attack from insect pests and fungal diseases. **Size: 750ml**

PRODUCT CODE	BARCODE
125.GB1526	05391530650410

NEW

ASTON GARVINE™

A plant invigorator and foliar feed for grapevines that encourages resistance to mildew and botrytis. **Size: 1 Litre**

PRODUCT CODE	BARCODE
125.GB1512	05391530650496

NEW

GARLIC WONDER - CONCENTRATE

(Makes 5 litres of spray). **Size: 500ml**

PRODUCT CODE	BARCODE
125.GB1524	05391530650427
