SOLUFEED PLANT HEALTH CURE (PHC)

Plant Health Cure (PHC) is a global market leader in the field of mycorrhiza technology and soil biology. They supply beneficial natural fungi and bacteria as well as other products that make plants stronger and allow them to perform better. This makes it possible to save drastically on pesticides as well as on fertiliser. The user achieves at least the same production at lower cost and the plant is healthier.

COMPETE® PLUS

Rhizosphere inoculant containing 100% biological and natural soil organisms.

PRODUCT CODE	SIZE
125.GB1012	2Kg
