WATER SOLUBLE FERTILISERS

Standard Solufeed water soluble fertilisers for crops grown in soil and artificial growing media. All containing magnesium (Mg) and premium levels of trace elements.

Solufeed 1:1:1

- A good starter feed for balanced growth
- Reliable for most crops and situations
- 1kg pack

CODE	DESCRIPTION	BARCODE
125.GB0251W	NPK 18:18:18+3MgO	05391513337611

Solufeed 4:1:2

- High Nitrogen (N) for vigorous vegetative growth
- 1kg pack

CODE	DESCRIPTION	BARCODE
125.GB0253W	NPK 28:7:14+3MgO	05391513337628

Solufeed 2:1:4

- High Potassium (K) finishing fertiliser for flowering and fruiting growth stages
- 1kg pack

CODE	DESCRIPTION	BARCODE
125.GB0257W	NPK 15:7:32+3MgO	05391513337642

Solufeed 1:5:1

- High Phosphorus (P) to promote root growth and crop establishment.
- 1kg pack

CODE	DESCRIPTION	BARCODE
125.GB0255W	NPK 10:52:10+1MgO	05391513337635

WATER RETAINING GRANULES

Solusorb A

Solusorb A is a synthetic superabsorbent polymer designed to improve the water retaining properties of many types of growing media with applications in the agriculture, horticulture, forestry, and amenity sectors.

- Use 1-3kg per m³ (1-3g per litre)

Solufeed Garlic Wonder Products

Garlic Wonder Spray stimulates growth resulting in healthy vigorous plants, which in turn mitigates the negative effects of all kinds of stress.

Garlic Wonder Spray is for gardeners who want to use natural methods to grow their plants. It consists of a special blend of garlic extract and other natural ingredients. It is also rich in beneficial sulphur and selenium.

The formulation produces no undesirable chemical residues, is safe to use and environmentally benign. It is safe to humans, pets and wildlife.

When used as directed the reliance of synthetic chemicals can be reduced or eliminated.

Garlic Wonder Spray can be used with confidence on all outdoor and protected plants/crops including, vegetables, fruits, flowers and shrubs.

Benefits

- Improves plant growth and productivity.
- No harvest interval.
- A totally natural, organic product.
- Leaves no undesirable chemical residues.
- Suitable for organic gardening systems
- Harmless to humans, animals & the environment.
- Universal application – suitable for all house and garden plants.

Solufeed Garlic Wonder Products

GARLIC WONDER ORGANIC SPRAY 750ml RTU and CONCENTRATE 500ml

Use of Garlic Wonder Organic Spray with its high sulphur and selenium content in a programme of treatments will stimulate growth, encourage resistance to mildew and botrytis etc. and repair damage caused by fungal and viral diseases. When used as directed, Garlic Wonder is safe in the environment and harmless to earthworms, bees, ladybirds, lacewings and other beneficial insects. Garlic Wonder treated plants become odourless within minutes and its use does not result in any after taint or flavour. Apply little and often is best.
