## BULRUSH

www.bulrush.co.uk

### BULRUSH PEAT FREE MULTIPURPOSE 40L

Bulrush Peat Free Compost is made from a blend of materials and ingredients including Forest Gold combined with essential plant nutrients and trace elements designed to provide an ideal medium for healthy plants growth. A proven performer for use all around the garden.

CODE	PALLET QTY
106.940MP/110	110

### BULRUSH PEAT FREE BEDDING SUBSTRATE 60L

Our standard peat-free bedding mix is free flowing and ideal for use with tray filling and transplanting equipment. A medium feed level has been incorporated to establish even growth. Liquid feeding techniques are the favoured method to sustain longer cropping programs. However, the addition of controlled release fertilisers are also available on request.

### What is Forest Gold Plus?

FGP is a sustainable, timber derived product originating from woodchips from sustainably managed forests. It is specially impregnated with nutrients to provide a slow release fertiliser source to all crops for healthy root development and superior plant growth. Apart from acting as a peat alternative the inclusion of FGP also improves growing performance to deliver healthier plants.

#### What are the benefits of FGP?

Apart from acting as a peat dilutant, the inclusion of FGP has a number of major benefits:-

1. Superior root growth
2. Bigger, healthier plants
3. Improved water holding capacity
4. Sustainability
5. Lightweight

The Plant on the left shows superior root growth when used with Forest Gold

Forest Gold blended with peat
